

Caldwell Campus Spring 2019/2020 Information

Hello TVCC Caldwell Students! We are still operational and are taking precautions to keep you healthy while still attending classes.

There have been some changes that I wanted to make you aware of for Spring Term. See the pertinent details below and please contact our Caldwell Center staff if you have questions or concerns.

Zoom Information:

- Courses will begin as scheduled on March 30th and classes will be delivered to you live using the Zoom software application. If you don't have Zoom on your personal device, you can download it from the Mytvcc website by first clicking on the [Zoom Video Conferencing Link](#).
- If you need to use a TVCC computer, our computer lab and computer classrooms will be available for you to use to 'attend' your classes. We will require you to maintain a safe social distance from other students to ensure the safety and health of everyone.
- Your instructors will let you know how to access their Zoom meetings to attend your classes virtually. They will most likely provide a Zoom link in the course Canvas site, or will email a link to your TVCC email address.

Caldwell Building and Services Information:

- The Caldwell Center is getting new floors in the lobby area during Spring Break, which means the front entrances will be locked, but you can enter the building through Bridges Coffee Shop. They are aware that students will be coming through the shop and will be happy to accommodate you!
- Student Services is still open and we will still be helping with registration, payments, and other items you may need.
- The Testing Center will be open and you can come in and take a placement exam if needed.
- Jayne will still be having advising meetings with students and will maintain a safe social distance to protect her health and yours.
- The TVCC Bookstore is still open for business if you need to purchase your books. We are happy to arrange curbside pickup if you prefer. Please arrange with Bookstore for ordering and payment.

Feel free to contact us if you have any questions or need assistance

Stay well!
